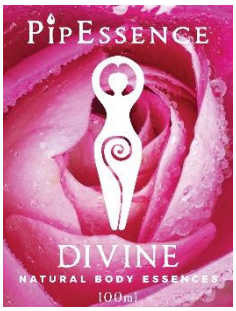
Divine



The Divine Essence is a natural remedy that restores and encourages you energetically, it also gives you a feeling of kindness similar to that of a hug from a loved one. This original and Beautiful essence contains the rose and geranium flourish signatures, together with supportive sound frequencies. A significant ingredient are the vibrations of ancient stones which have been collected around various sacred sites located on our beautiful planet and have been preserved in sacred water. These vibrations have the ability to enhance inner strength and can assist in showering you with Love and opening your heart centre (chakra).

Suggestions for Use:

For use during personal development (meditation, visualisation, journeying, relaxation), distant healing or group development

Use as an environment enhancer for example in the bedroom or on a desk or a meditation space
Use before going for a walk-in nature, for connecting with plant devas and the mineral kingdom and for earth healing practices.

How to Use:

Gently tap the underneath of your Divine bottle 3 times and think and feel about how you want the water droplets (spray) to help you. Once decided, hold the artwork to your heart and take a deep breath before spraying Divine above your head from shoulder to shoulder, creating an arc shape overhead. As you sense the droplets falling, take a deep breath (as deep as you can) As an alternative, spray over your heart centre making an infinity symbol (a figure of eight on its side ∞)
