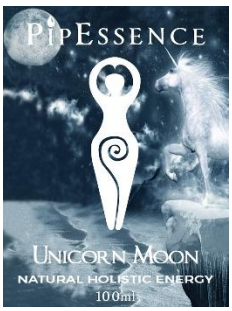
Unicorn Moon



This beautiful essence is inspired by the qualities that the unicorn represents positivity, freedom, hope, innocence and healing. I also include the “Ms”- Mystery, Miracles, Moon and Magic. I am delighted that this natural medicine is here to uplift and nurture your energy.
To be touched by the energy of a unicorn is a real blessing and an honour as these creatures are so gentle and they have a pure heart, so much so that you may not hear their hooves as they approach as they move about so gracefully.

This essence, charged with the gentle and pure energy of a unicorn and the moon, is the perfect ally for you to bring through the natural connections of the moon and the night and shift to a higher level of being because of the high frequencies contained within the droplets. These droplets support your uniqueness as you change, grow, and expand your heart light, as connections of heart to mind, mind to heart and heart to heart are created.

This is a very gentle and nurturing blend that creates a vibration and shimmer of peace and grace within your energy field and the environment, just as the unicorn and the moon do. This in turn brings through the beauty and stillness that facilitates trust and inner radiance.

Unicorn Moon was made by transferring the energies of sound and crystals into the blended waters from 8 sources that form the basis of this essence. The eight waters came from Dartmoor, the Nile River, Egypt, Red Spring, Swallow Spring, White Spring, St. Aldhelms Well, Little Well and Brides Mound. The final six water sites were consciously chosen because of their position within the energies of the Heart and Heart Star chakras of the world in Somerset and Wiltshire. The former two, for the ancient connections.

The energies and light of a December ‘Cold’ full moon in Devon, the time closest to the shortest day in the Northern Hemisphere so the moon was present in the sky for longer. The night also brought a deep frost from the clear skies and so the water molecules were transformed as they moved towards freezing. This added a unique crystalline element to the water.

The essence is finished with a scented note of Tuberose in homage to the Goddess and the Divine Feminine.

General suggestions on 'How to use'.

For an instant connection and Energy top up: Spray Unicorn Moon three times from soul star chakra (as far as your arm will reach above the crown of your head) towards the heart, pausing at the third eye. Breathe the droplets in towards your heart, as they pass your nose.

For a deeper connection with Unicorn Moon:

- Take a few centred breathes and sink your awareness into your heart centre. Create a moment to feel how you want the energies of the droplets to assist. For example, 'nourish me with the gentleness and purity of the Unicorn'
- Tap the bottle three times underneath to connect with the energy droplets.
- Say out aloud how you want the droplets to assist (your intention)
- Spray from shoulder to shoulder in an arch shape, including the Soul Star chakra/ energy point, and allow the droplets to fall, taking a big breath in when you feel the droplets pass your nose, and visualise the natural vibrations touching all your cells, chakras, spine, higher heart, and mind.
- Pause to receive the energy and any messages, prompts, knowing(s).
- You may want to spray Unicorn moon in the bath or around the bedroom before a bedtime story. Ultimately, follow your own guidance and intuition.
- Relax into the night, ready to dream, or connect with the cycles of the Moon.
